depending on size.

A necessary protection to  
mechanic's tools. Watertight,  
Rust resisting and will not leak.

LIGHT IN WEIGHT  
LOOK LIKE LEATHER

## EVERY MECHANIC NEEDS ONE

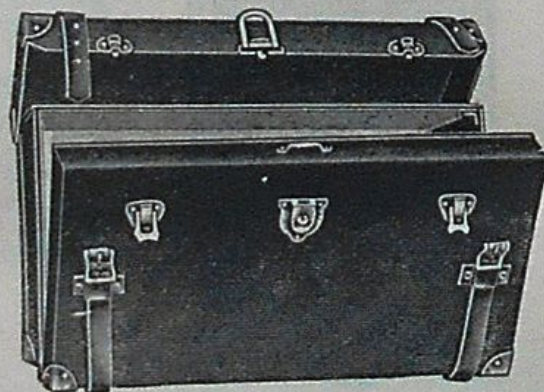

### KENNEDY TOURING CASE

For running boards, trunk racks,  
under the seat and anywhere you  
choose to strap it. It is water-proof,  
rattle-proof, storm-proof, wear-proof,  
dust-proof and burglar-proof.

The nature of the material and con-  
struction makes the Kennedy Case  
water-proof, unless submerged. This  
feature is obtained by the over-  
lapping seamless top covering all  
openings and so fitted that water  
cannot enter. Double seamed and  
electric welded it is a perfect pro-  
tection against rain and dust.
